

7th Leuven Open - Fonske Challenge

Backgammon Club Leuven vzw

Brasserie de Abdijmolen, Sunday, 29 November 2015

Fonske is the name of the statue of the book-reading, beer-spilling student at the Rector De Somerplein in the city of Leuven. Fonske challenges backgammon clubs in Belgium to show what they are worth and compete for a box of chocolate *Fonskes*, in addition to eternal fame and glory.

RULES

1. Before the start of the main tournament, all participating clubs identify themselves and their players to the tournament director. Each club is represented by a club captain, who will be the spokesperson for the club regarding Fonske's challenge.
2. When a player from club A wins a match in the main tournament against a player from a different club B, then club A scores 1 point. Nothing happens to club B.
3. A match between two players from the same club does not count.
4. At the end of each round of the main tournament, the number of points scored by a club is calculated and added to the number of points already obtained by the club.
5. At no occasion will the pairings in the main tournament be influenced by Fonske's challenge. The pairings are exclusively determined by the results in the main (individual) tournament according to the Swiss tournament format.
6. The club having accumulated the most points at the end of the main tournament wins the Fonske challenge. The winning club receives eternal honour and glory as well as a box of chocolate *Fonskes*.
